Brightside Extended Warranty Cover

Thank you for choosing Brightside Extended Warranty Cover.

A lot can happen to Your appliances, electrical and mobile products, and Our Extended Warranty Cover provides You with extra protection after Your Manufacturer's Warranty expires.

Please read these terms and conditions carefully for everything You need to know about what We will and won't pay and the extent of cover provided.

Now You can sit back and enjoy the benefits set out below.

Your Rights under Consumer Guarantees Act

We recognise Your rights under the Consumer Guarantees Act 1993 (NZ) ('Act') are important, and cannot be limited or excluded.

The Act provides You with certain guarantees when You acquire certain goods and/or services.

The Act applies to goods and/or services supplied in trade by way of gift, sale, exchange, lease, hire or hire purchase, to the extent such goods and/or services are of a kind ordinarily acquired for personal, domestic or household use and are not being acquired for resupply in trade, consumption in a process of production or repair or treatment in trade of other goods or fixtures. Generally the guarantees given by suppliers under the Act in relation to goods are: an acceptable quality, reasonable fitness for particular purpose, compliance with description, compliance with sample or demonstration models, that the price and delivery time (if not agreed) will be reasonable, any agreed delivery time will be met and a guarantee as to title.

If goods fail to meet the supplier's guarantees set out in the Act:

- (a) Where the failure can be remedied, You have the ability to require that the supplier remedies the failure within a reasonable time.

In order to remedy the failure, the supplier is able to choose whether to:

- repair the goods;
- remedy any defect in title (if applicable);
- replace the goods with goods of an identical type; or
- refund the purchase price of the goods.

If the supplier refuses to remedy the failure or fails to do so within a reasonable time, You can have the failure remedied elsewhere and be reimbursed by the supplier for all reasonable costs related to the remedy. Alternatively, You may reject the goods.

- (b) Where the failure cannot be remedied or is of a substantial character, You have the option to either reject the goods, or keep the goods and seek damages in compensation for any reduction in value of the goods below the price paid. Substantial character is defined in the Act and includes goods that are unsafe and

for whatever happens!

which would not have been acquired by a reasonable consumer fully acquainted with the nature and extent of the failure.

In addition, You have the right to obtain from the supplier damages for any loss or damage incurred by You as a result of the failure of the goods (other than loss or damage through the reduction in value of the goods), which was reasonably foreseeable as liable to result from the failure. You also have various rights and remedies against a manufacturer of products under the Act.

The scope and meanings of each of these guarantees and remedies is set out more specifically in the Act, and the description provided above and the comparison table set out below, are necessarily brief. In the event of a problem with Your Product, You may have rights at law against the seller or manufacturer of Your Product under warranties or guarantees expressed or implied by mandatory provisions of law such as the Act. Your Brightside Extended Warranty Cover does not replace these rights or make them void. You can choose to claim under Your Brightside Extended Warranty Cover or under the Act. For further information about Your legal rights, We suggest You contact the Ministry of Consumer Affairs.

What is covered

The Cover described below is subject to the Terms & Conditions, Exclusions and Definitions set out in Your Brightside Extended Warranty Cover. Our coverage will provide You with extra protection in the event that Your Product suffers a Covered Failure during the Warranty Term.

There are two different types of coverage provided. The applicable coverage depends on eligibility based on the cost of the product being purchased. If the Original Purchase Price is less than \$500 We offer a Product Replacement Plan. If the Original Purchase Price is \$500, or more, we offer a Product Repair Plan.

Terms & conditions

Product replacement plan

Eligibility: This Product Replacement Plan is only available on products where the Original Purchase Price is less than \$500.

The Cover: In the event Your Product suffers a Covered Failure under this Product Replacement Plan, We will replace Your Product with a new product rather than repair it.

Your Product Replacement Plan comes to an end if We settle Your claim by replacing Your Product or by paying You what it would cost Us to replace Your Product to its nearest equivalent. The value of any cash settlement that We give You under Your Plan will not exceed the Original Purchase Price.

Product Replacement Terms: In the event that We replace Your Product, We will take into account features, quality and specifications of the original item as well as availability of the technology. The replacement item is chosen at Our sole discretion.

Due to changes in product technology and availability, the replacement product We supply under Your Plan may have a lower purchase price and is not limited to the original manufacturer brand of Your original product. We will not refund to You any difference between the Original Purchase Price and the current replacement cost.

When a suitable replacement is not available, We will give You a cash settlement for what it would cost Us to replace Your Product. If the current replacement cost exceeds the Original Purchase Price the most We will pay is the Original Purchase Price of Your Product.

Payment to You or replacement of Your Product shall constitute fulfilment of Your Plan. The period of cover will then cease.

Product repair plan

Eligibility: This Product Repair Plan is only available on products where the Original Purchase Price is \$500 or more.

The Cover: Under the Product Repair Plan, if Your Product suffers a Covered Failure at any time during the Term, Your Product will be repaired to normal working order. Coverage applies even in circumstances where the need to repair Your Product arises due to normal wear and tear and the Covered Failure does not amount to a major or minor failure to comply with one of the Consumer Guarantees under The Act.

Where the failure is a result of a faulty accessory, which is not listed as an Exclusion, which came with Your Product, We will either repair or replace the accessory only. The decision to repair or replace the accessory is at Our sole discretion.

Product Repair Terms: In repairing your product the parts used by the repairer may be new, used or refurbished in accordance to suitability and availability of supply. All parts used will hold a minimum guarantee period regardless of Warranty Term.

If Your Product is not economically repairable, We will, at Our sole discretion replace Your Product with a new product.

Additional coverage benefits

We will provide the following additional covers as part of Your Extended Warranty Cover during the Warranty Term.

No lemon guarantee

This benefit is only applicable to a Product Repair Plan.

If Your Product has had 2 repairs for Covered Failures under Your Plan and Our Authorised Repairer confirms that Your Product will require another repair under Your Plan during the Warranty Term, We will replace Your Product on the same terms set out under Product Replacement Terms above.

For the purposes of the 'no lemon guarantee', preventative maintenance checks, consumer requested alignments, cleaning, product diagnosis, customer education, troubleshooting/telephone diagnosis, accessory repairs/replacements, mouse repairs/replacements, computer software related problems, 'no fault found' diagnosis and returns to Our Authorised Repairer within 30 days are not considered to be repairs. The 'no lemon guarantee' does not apply to ice makers, computer keyboards and speakers, removable and rechargeable laptop batteries.

Fully transferable

If You sell or give away Your Product, You can transfer Your Plan to the new owner at no charge. Simply call us on 0800 BRIGHT (0800 274 448).

Wear and tear

We will cover You under Your Plan if Your Product fails as a result of reasonable wear and tear, and it affects the functionality or operation of Your Product, subject to an assessment authorised by Us.

Food spoilage

If Your Product is a fridge or freezer We will reimburse You for any food spoilage which occurs as a result of a Covered Failure. You will be required to supply proof of Your loss.

Laundry care

If Your product is a washing machine or clothes dryer We will reimburse You for any reasonable laundering and/or drying costs (excluding any dry cleaning services) that You incur as a result of a Covered Failure. Your Product must be out of service for more than ten (10) consecutive days from the time of the first service call to assess Your Product failure or fault. You will be required to supply proof of payment for laundry costs to support Your claim.

for whatever happens!

Freight & service calls

If We request for Your Product to be sent to one of Our Authorised Repairers, We will cover any freight costs associated with the handling of Your Product, during the claims process. Where possible We may ask You to deliver Your Product to one of Our Authorised Repairers.

If Your Product requires a service call under Your Plan, We will cover all service call fees.

Surge protection

We will cover Your Product under Your Plan if it suffers a break down caused by electrical interference, power surge or voltage fluctuation.

21 day repair guarantee

This benefit will only apply to repairs completed in New Zealand.

If We are unable to complete the repair of Your Product within 21 days, We will replace Your Product in accordance with the Product Replacement Terms outlined in this document (see page 3-4).

The 21 day repair guarantee commences from the date which Our Authorised Repairer receives Your Product and ends on the date upon which Our Authorised Repairer sends to You or makes available to You, Your Product, after completing the repair.

Any period where You are unavailable for Your Product to be picked up or delivered will not form part of the 21 day repair guarantee.

Worldwide coverage

If You are travelling outside of New Zealand, and the Product is of a portable nature and is in Your possession, it remains covered anywhere in the world.

In the event of a Covered Failure occurring to Your Product whilst You and the Product are travelling together outside New Zealand, We require You to contact Us by email at customerservice@brightsidecover.co.nz before arranging repairs.

We will respond and if You are in Australia, Ireland, New Zealand or Singapore We will advise You of where to take the Product to be repaired. Outside these countries You may be required to locate a suitable and convenient repairer and pay for the repair and claim the cost back from Us. You will be required to show an itemised invoice of the repair costs in order to have Your reimbursement approved under Your Plan.

Data storage

If Your goods are capable of storing User Generated Data, it is possible that this data may be lost during the repair of Your Product. We recommend You back up Your data.

How to make a claim?

You may also be entitled to alternative rights and remedies from the selling retailer and/or the manufacturer under The Act.

If You are claiming under Your Plan during the Warranty Term, before You call please conduct a basic check of Your Product, check the manufacturer's product manuals and instructions, as this will often pinpoint what is wrong and advise You how to remedy the issue.

- enforce Your rights and remedies against Us if there has been a breach of a consumer guarantee under the The Act (for details of Our returns policy contact Us).

You must call Us prior to arranging repair or replacement of Your Product, any costs associated with repair, removal or installation of Your Product will not be paid unless first approved.

We may require Your Product to be assessed. This may be done by one of Our Authorised Repairers, otherwise arrangements will be made for a service agent to contact You. We will advise You if We need an assessment and how that assessment will be made.

Where We determine that the claimed failure is not covered by Your Plan, You will be responsible for the costs of the dismantling as well as any costs associated with the dismantling (including but not limited to any diagnosis, reassembly, repair and/or replacement costs).
